

Shrishti International School

Session 2017 - 18
FOR THE MONTH OF September
THEME: - Animals and birds

Dear parents,

Warm greetings.

The journey so far has been enriching and interesting. To make learning effective, easy and progressive, we include story telling as an integral part of our curriculum for kindergarten children.

Story telling creates bonding, introduces culture, moral values and social etiquettes in an effective manner. Listening to stories, comprehending the meaning of words, sequence of events – enhances your child’s listening and speaking skills, which forms the basis for developing his/her reading and writing skills.

Stories that are narrated in the class are selected with great care and are a perfect amalgamation of fantasy and reality.

The theme of the month is **animals and birds**, their stories fascinate the kids. The knowledge of -

- How animals behave
- Where they live
- What they eat
- What we get from them
- Their physical features, sounds
- And young ones

Form the basis of environmental studies and nature around us. Animals in their natural habitat – zoo animals, farm animals, birds (common and uncommon ones) make a child more observant of his surroundings.

Our purpose is to broaden the horizon of our kids and make learning fruitful.

By this month your child has a considerable number of words in his command, speaks in an intelligible clear sentence, mingles with his/her classmates, and participates actively in all classroom activities, show eagerness and curiosity to know more.

Joyous Learning Experience.....

Pre primary activities (Co – scholastic)

Theme – Animals and Birds

News Letter

From : The class teacher.

Theme : Animals & birds

Month : September

Date :

Dear parents,

“Warm Greetings”

Last month was full of patriotic fervor and this month was full of festivity and sports competitiveness. The highlights of this month were “**Shrishti Champions League**” and dandiya workshop. Children learnt to participate in various sports activities and competed for excellence.

We observed teachers day and re – dedicated ourselves to our chosen vocation and promised to do our best to make learning a pleasant experience for the little ones you have entrusted in our care. Our staff will be more than happy to answer your Queries about child’s readiness in language learning, mathematics, health, physical education, arts etc.

Another attraction was dandiya workshop, which was conducted from Navratra Sthapna to Saptmi.

Another occasion eagerly awaited was the school picnic, immensely enjoyed by the children.

The theme of the month was animals and birds which was conducted in a very interactive manner through storytelling and enactment.

As we come to an end of this festive month your kids will be ready for their first academic evaluation having completed half year of their session.
